

The #1 supplier of casters and wheels  
for shopping carts in the U.S.

# ECONOSHOPPER

## Z30C154NEGE/WC2054BC

Universal Shopping  
Cart Caster

The P&H **ECONOSHOPPER** combines one of our most economical plain bore TPU wheels with a standard swivel caster that will fit practically all shopping carts manufactured in the U.S.

This smooth and quiet rolling assembly is designed with to make installation a breeze. With a load capacity of 250 lbs, this durable TPU wheel and smooth action swivel caster assembly make shopping a pleasant experience with all of your equipment.

P&H's Econoshopper delivers performance you can count on.

- 1 - Shock absorbing TPU material
- 2 - High impact polypropylene hub
- 3 - Self lubricating acetal journal bearing
- 4 - Staggered, recessed grooves assure tread/hub interlock and prevent TPU separation

*Wheels and yokes  
also sold separately.*
