

The #1 supplier of shopping cart wheels and casters in the U.S.

# RACKMASTER

## Z20X254CLDET Swivel Stem Caster w/Stem Adapter and Top Brake

X Series

- 1 - High quality polyurethane tread
- 2 - High impact polypropylene hub
- 3 - PolyU<sup>®</sup> patented QuadX bearing system
- 4 - Staggered recessed grooves bond tread to hub
- 5 - HDPE threadguard

The P&H **RACKMASTER X-SERIES** swivel caster is a safety enhanced member of our line of standard stem and expandable stem casters. The stem adapter is sold separately and is available in several sizes, allowing these casters to fit a wide variety of equipment. These casters are used frequently to add mobility to commercial kitchen equipment, restaurant and bakery racks and equipment.

The featured swivel caster is fitted with a tread wheel brake that keeps the wheel and the conveyance that it is attached to in a fixed position.
