Plate swivel caster with polyurethane wheel

The **RACKMASTER P-Series** medium duty swivel caster is a staple of the P&H material handling line.

This multi-purpose caster can be utilized on metal cabinets, display racks, tray style utility carts, warehouse dollies, stocking carts and a wide variety of other material handling equipment.

The broad potential applications for this caster make it one of our most versatile and popular models.

- 1 - High quality polyurethane tread
- 2 - High impact polypropylene hub
- 3 - PolyU<sup>®</sup> patented QuadX bearing system
- 4 - Staggered recessed grooves bond tread to hub
- 5 - HDPE threadguard

### FEATURES
