NEW PRODUCT:

W34034AD

**3" FIBERGLASS FILLED NYLON
WHEEL WITH SUPERIOR
LOAD CAPACITY**

FEATURES

3" X 1 1/4" Flat Tread Gray Nylon Medium/Heavy Duty Wheel with 5/16" Dual Precision Bearing.

- Fiberglass filled reinforced nylon for added strength and durability
- Superior load capacity for wheel size
- Used by major US retailer for curbside pick up grocery pallets
- Soft, smooth ride
- Debris resistant tread
- 1 Year Warranty

APPLICATIONS

These tough little wheels were designed to carry heavier loads than larger diameter wheels. The fiberglass filled reinforced nylon material is perfect for applications where a low profile is needed, but standard small diameter wheels aren't heavy duty enough to handle the loads.

Available with a range of both swivel and rigid casters, these wheels work with a wide range of equipment. P&H has available specially reinforced zinc plated steel yokes to enhance the load carrying capacity of these wheels.

These medium/heavy duty wheels offer excellent floor protection and feature P&H's quality dual precision bearings.
